Foreword EHF President

Dear handball friends,

Welcome back to the DELO EHF Champions League 2020/21 season as the group phase enters the home straight.

Following an inspiring Women's EHF EURO 2020 in Denmark, where Norway with no fewer than 17 DELO EHF Champions League players in their squad came out on top to claim their eighth European gold medal, attention switches back to the club game and a crucial period of what has already proven to be a fascinating season so far.

One of the encouraging aspects of the season so far has been the professional and sensible way the handball community has dealt with the challenging circumstances of the current pandemic.

From the European Handball Federation's perspective, clubs, players and staff, and federations deserve huge amounts of credit for the ways in which they have conducted themselves; placing measures and following instructions to ensure matches at the highest level of handball going ahead.

As a result, the fans – the heartbeat of our game – are still able to follow their favourite teams, even if it is sadly not inside the arenas. Despite the lack of crowds, the level and entertainment value has remained at the kind of standard that we have grown accustomed to in the DELO EHF Champions League.

The fact that so few matches have been postponed is testament to the hard work carried out especially by clubs, and on behalf of everyone at the EHF, we sincerely thank you.

Even in this difficult time with necessary restrictions on the events, we, together with clubs and our partners, will make sure that the DELO EHF Champions League continues to be seen, followed, heard and talked about as much as in the past years – if not even more. On behalf of the EHF and EHF Marketing I wish you many unforgettable and thrilling moments.

Yours in sport,

Michael Wiederer
EHF President
